## Announcement (<http://www.fesss.org>)

Dear Colleagues,

On behalf of the Federation of Eurasian Soil Science Societies (FESSS) and Erasmus Mundus Joint Master Degree in Soil Science Programme (emiSS), we are delighted to invite you to the International Symposium on “Soil Science and Plant Nutrition” (EURASIAN SOIL Symposium 2022). The meeting will be held **online** on the 2 - 3 December 2022. The symposium titled “Soil Science and Plant Nutrition” sets up the ambitious goal of integrating scientific background, applied research and novel approaches to link soil, plant and environmental aspects over various ecosystems. Physical, chemical and biological soil properties, plant nutrition and fertility mechanisms and processes studied at different scales - from molecular to field - will feed the diversity of experiences, opinions and scientific knowledge. The symposium will provide a great opportunity to learn and discuss recent advances in the soil science in general and to establish contacts and collaborations with participants from many different parts of the world. The symposium will focus on multidisciplinary approach to soil science, with special interest on basic research, latest and technological developments for soil science and plant nutrition. The scientific sessions will also emphasize basic concepts of soil. The symposium will also provide multiple opportunities for interaction among scientists from public and private institutions.

Sincerely yours,

Prof.Dr. Ridvan Kızılkaya

Chair of Organizing Committee

### Subject and Topics

Papers will cover fundamental aspects, technical approaches and/or the related areas as follows:

- Soil Physics & Mechanics
- Soil Chemistry
- Soil Biology & Biochemistry
- Soil Erosion & Conservation
- Soil Degradation & Reclamation
- Soil Genesis & Classification
- Soil Survey & Mapping
- Soil Mineralogy & Micromorphology
- Soil Health & Quality
- Soil Hydrology
- Soil Pollution
- Soil Fertility & Management
- Plant Nutrition
- Fertilizer & Fertilization
- Remote Sensing & GIS in Soil Science
- Geostatistics

### Organizing Committee

Dr.Rıdvan KIZILKAYA, Chair of Organizing Committee, Ondokuz Mayıs University, Turkey

Dr.Coskun GÜLSER, Vice-Chair of Organizing Committee, Ondokuz Mayıs University, Turkey

Dr.Orhan DENGİZ, Vice-Chair of Organizing Committee, Ondokuz Mayıs University, Turkey

Dr.Agnieszka JÓZEFOWSKA, Member of Organizing Committee, University of Agriculture in Krakow, Krakow, Poland

Dr.Ammar ALBALASMEH, Member of Organizing Committee, Jordan University of Science and Technology, Jordan

Dr.Andon ANDONOV, Member of Organizing Committee, Agricultural University Plovdiv, Bulgaria

Dr.Ivan MANOLOV, Member of Organizing Committee, Agricultural University Plovdiv, Bulgaria

## Venue

The symposium will be held using the Zoom Meetings web conference application. Details on how to access the online platforms are available in this page and will be available before the symposium to register participants through their personal reserved area.

All the attendees and the presenters will receive an e-mail from the Symposium Secretariat regarding the participation, the instructions and the links to connect to the daily sessions.

The meeting could be joined through the desktop application, using mobile app or through web app, without installing any software or plug-ins on your computer. Please be aware that the web app is best for participants who don't need to present. To present and share your screen is better to install desktop app.
